Under The Street Lamp

by PAT O'HOOLEY

Ronnie Hinchliff went to see the doctor about a pain in his back, which had been troubling him since morning. Doctor Giffen gave him the once over and in a few seconds the pain vanished.

"That's quick work, John," exclaimed Ron. "Was it rheumatism?"

"No," was the reply. "Your suspenders were twisted."

Some people find it easy to give up smoking, says Bob Hanly. They do it over and over again.

Cliff Brown: "How's your garden coming along, Pat?"

Pat Groux: "Well, if the green things are vegetables, it's fine, but if they're weeds, it's terrible."

Candidate: "Well, how did you like my speech on the agricultural problem?"

John Davis: "It wasn't bad, but a day's rain would do a heap more good."

Elva Robison: "Say, Ilene, you work in the theatre, how about getting me a couple of tickets?"

Ilene Wilson: "Way sure, Elva. And you can do me a favour, too. You work in the bank, how about getting me a couple of banknotes?"

Lyda McLean: "They say Edna Hughes plays golf just like a man." Ogden McLean: "She ought to be ashamed to use such language."

Milligan: "There's a fellow over there who's really going places." Donovan: "Ambitious, is he?"

Milligan: "No, his wife's out of town."

A drunk boarded a two-story bus; it was crowded, but he finally found a seat by the driver.

He talked, and finally the driver tactfully suggested that he go on the top deck deck and enjoy the fresh air and wonderful view.

The drunk amiably clambered through the crowd and disappeared upstairs. But in a few minutes he was back.

"What's the matter. Didn't you like the fresh air, or the view?" asked the driver resignedly.

"Yep, nice view, nice air," answered the drunk. "But, 'tain't safe—no driver."

FARMER'S COLUMN--

By R. J. M.

J. E. Birdsall, Secretary of the Alberta Crop Improvement Association, another successful year in the distribution of registered and certified seed grain to the farmers of this province. Approximately 107,000 bushels were distributed during the 1946-7 season as compared with 87,182 bushels during the year previous.

Wheat varieties amounted to 88,326 bushels compared with 23,730 a year ago; flax 11,869 bushels as compared with 1,194 (or almost ten times as much); barley 26,233 bushels and oats 35,307 bushels.

Among the wheat varieties, Thatcher proved the most popular with 19,862 bushels distributed. Red Bobs was second in popularity with 9,022 bushels sold. Redwing was by far the most popular of the flax varieties, 10,079 bushels of this variety were distributed. The three most popular barleys were Olli, Titan and Newal, accounting for about eighty per cent. Among the oat varieties Victory was the general favorite. Almost half of the oats purchased from the Association (15,626 bushels) were of this variety although Eagle, Ajax and Larkin were also in fair demand.

LYALTA NOTES

LYALTA W. L.

After a very inspiring talk on May 14, on Women's Institutes and the great work they are doing by Mrs. Thurston of Nightingale, the ladies of Lyalta decided almost unanimously to form an institute.

Officers were elected as follows:— President — Mrs. J. White, 1st. Vice-President — Mrs. B. Fortems; 2nd Vice-President — Mrs. H. Payne; Secretary — Mrs. J. Novak; Treasurer — Mrs. L. Fortems; Directors: — Mrs. H. Lachelt; Mrs. F. Maudes; Convenors: — Mrs. G. Wader; Mrs. F. McKenzie; Mrs. H. Lachelt; Mrs. F. Maudes.

The second meeting was held May 28. The most important part of the meeting was the draw for Sunshine Friends. Each member draws the name of a person to whom she gives gifts or cards on birthdays and anniversaries. The person receiving the gifts does not know who the sender is. At both meetings very delicious lunches were served.

A strawberry social was held on June 11 on Mrs. Strandberg's lawn. The weather man favored the ladies by giving them the nicest day so far. A nice crowd attended and a very enjoyable afternoon was had by all.

NIGHTINGALE

By Mrs. F. H.

The Womens Institute held their regular meeting at the home of Mrs. F. H. Harriman last Friday. A joke on Father was given for roll call and many amusing incidents related.

A letter from Miss Norma Hogg concerning the arrangement and care of cut flowers was read.

Mrs. Wm. Otto, who is at present on a visit to Oregon, wrote a most interesting letter and the ladies replied with a round robin letter.

Mrs. Chas. Kinmett gave a splendid report on the Provincial Conference in Calgary and several resolutions were discussed. A hearty vote of thanks was given Mrs. Kinmett.

Mrs. Agnes Harriman was elected delegate to the Conference in Strathmore on June 26.

Mrs. Julia Bragg of Rockyford and Mrs. George Hilton of Berry Vale W.I. were welcome visitors.

There were enough quilt blocks turned in so that it is expected to tie the quilt at the next meeting, which has been moved ahead three days to Tuesday, June 24 at the hall. Tea was served to 16 members and two visitors.

The pupils and teachers entertained parents and friends at the senior room last Thursday evening. The pupils gave quite a marvellous report of their hike from Canmore to Banff. There were musical numbers by several of the students and a twenty question contest by the visitors. It was decided to hold the school picnic at Bowness Park on Friday, June 20. A very delicious lunch was served at the close of a very pleasant evening.

Mrs. Margie Winters of Cluny was a weekend guest of Kathleen Harriman at her home.

Mrs. Lee Kinney accompanied her sister, Mrs. Lawson, on a weekend visit to relatives in Edmonton on June 7.

Mrs. Otto writes that they had a very comfortable trip to Grant's Pass, Oregon and are enjoying the beauties of that region. She surprised us all by telling of an air plane ride, that provided a thrill.

Both Mr. and Mrs. Otto are enjoying good health.

Mrs. Bragg Sr. of Rockyford spent a few days last week visiting with the Harriman family.

RURAL GLEICHEN

Mr. and Mrs. Dean Granlay of Mayerthorpe flew their own plane to visit Mr. and Mrs. R. B. Hayes one day last week.

Mr. Chartrand and Roland Plante left Friday for a visit with the former's sons at Therien, Alberta.

Most people of this district attended the Indian Stampede. There was a very large crowd, but events were rather slow.

Arloa Quinnell was home for the weekend. Sarah MacMullen left Saturday morning for duties again in the Cereal Hospital after a two weeks holiday.

Many Gleichenites attended the Sports Day in Cluny last Friday, where Meadowbrook lost out in the first ball game.

Mr. and Mrs. J. P. Marsh of Medicine Hat visited several days with Mr. and Mrs. R. B. Hayes.

The U.F.A. and U.P.W.A. met at the home of Mr. and Mrs. J. W. Hutchison last Thursday afternoon. Mr. and Mrs. C. T. Armstrong of Husar, who are Directors for the Medicine Hat Constituency, were present and addressed the separate meetings. A great deal of enthusiasm was created and Mrs. Armstrong invited the Gleichen Local U.F.W.A. to attend the meeting of the Husar Local next. The ladies all hope the weather will permit them to attend.

The travelling Blood Donors Clinic has asked the local Red Cross to ask for donors of blood. The Clinic will be at the Indian School at Gleichen some time during July, and all will kindly give their blood to save someone's life should get in touch with Mrs. Dewey or Mrs. H. E. James. Donors should be between the ages of 18 and 65.

LANGDON NOTES

— By G. E. W. —

Mrs. M. L. Winters of Kelowna B.C. has been spending some time in Langdon and district visiting with her sisters, Mrs. D. Kernaghan and Mrs. R. H. Anderson.

McGregor Lake seems to be a favorite spot with the fishermen of Langdon, Syd Smart, Gerald Kernaghan, and Roy Whitney, where they spent the weekend and had a catch of 28, but we are still waiting to see the "Big One" that always gets away or is it the old fish story!

Joanie Thomas celebrated her 14th birthday on Saturday, June 14. In the evening she had some of her small friends in, accompanied by their parents to view her many presents. The

children played games, and amused themselves until lunch was served, consisting of sandwiches, cookies, and a birthday cake. The cake was lighter with 14 candles. Her guests were: Jimmie and Elaine Costello, Victor Thomas, Joyce and Marianne Watson.

The ball team played two games last week, Langdon 11, Shepherd: Langdon 25, Indus 5.

Mrs. Jean Newton has returned home after her recent operation, hope she continues to improve, and will be out again soon.

Mr. J. J. Colwell is remodelling the store, and making quite a good job from all reports. Business is being carried on as usual, perhaps when the job is finished, Mr. Colwell will have time to breath or maybe serve a cup of tea. "Who knows."

MUST WAGE PEACE

War is not yet inevitable. The world is now back to about the year 1925, when war was likely but not inevitable. Peace, if the world gets it, will not come through merely wringing hands and moaning, but through positive accomplishments in decisions, skillful labors and risks. Some of these have to come from Canadians.

Canada must wage peace. Now that we have become a Belgium we cannot avoid war by saying we are neutral or by surrendering or by any other means of leaving it to others. We are forced to accept the risks of war and go on to wage peace.

There is more reason for unity in pressing this policy of waging peace than there was in waging the late war. The French and English here in Canada are going to get smashed without discrimination of race, tongue or creed, if we fail to wage peace successfully. Lying in the ruins, with their clothes burnt off, socialists and capitalists would look much alike. So also would management and their opposite numbers in the trade union leadership. Canadians of all views have the free choice of a common policy or a common grave, if there

were anyone around to dig a grave. The policy is simple enough to state, but to carry it out requires more fortitude and less prejudice than we usually manifest. First, we have to fashion this country to be as adequate as possible against whatever comes; second, we have to work through and support the United Nations Organization, as the great avenue towards the brotherhood of man; and, third, and in the immediate future by far the most important, we have to help advance the cohesion and strength of the British Commonwealth and the United States and as any other peoples — France and Italy — that have crawled up the farthest from the dim beginning of life on this planet — from the cockroach level of survival.

—The Printed Word.

BERRY VALE W.I.

by Mrs. G. H.

The meeting was held over from the 11 to the 12 owing to the New Lyalta W.I. Branch inviting us to a Strawberry Social.

On the 12 of June it was held at the home of Mrs. Audrey Taylor. Roll

call was "Father's Day Verses."

An excellent report on the Provincial Conference from Calgary was read by Mrs. Mary Morton.

The Berry Vale W.I. are purchasing Silver Teaspoons for Mr. and Mrs. Cliff Way on their 25th wedding anniversary.

Next meeting will be held at the home of Mrs. Gordon Kearns, June 25. Roll call will be "Current Events" and "A Question Box."

A delicious lunch was served by the hostesses assisted by Mrs. Way and Mrs. Kearns to ten members and four visitors.

CLUNY

by Mrs. B. R.

Mrs. Ben Reimche has been a patient in the Bassano Hospital since last Tuesday, we are hoping to see her home soon.

Miss M. I. Goldsmith, R.N., arrived in Cluny last Wednesday night from Vancouver for a three week's holiday with her mother and friends. She came to Calgary by plane, which she enjoyed immensely.

Cluny had their second annual sports day Friday, June 13, and it was a real success. The school children had a

really good time with their races and jumping. The first ball game was played by Cluny and Meadow Brook, with Cluny winning. The second game was played by Arrowwood and Chancellor, Arrowwood winning. Cluny and Arrowwood then played the final game, resulting in Arrowwood winning first money and Cluny second money.

The dance in the evening was a real success, a big crowd and everyone ending the day with a good time.

Mr. Fred Fairbourn took his boat to McGregor Lake last Tuesday, and launched it Saturday. A big crowd was there to see the event, and to have

rides in the new boat, which they all enjoyed Saturday and Sunday afternoon.

Miss Shirley Helm of Bassano is working for Mrs. Ralph Telford in the restaurant.

We are all glad to see John Reilly home after being in the Calgary Hospital.

Cluny ball team went to Carleton Place on Sunday to play ball. Cluny winning 8 to 4.

Classified ads are many things to many people. They are buyers for one and sellers for others. They do big things for small costs.

TOWN COUNCIL

Arrangements authorizing the Mayor and Secretary to borrow up to \$6,000 were approved at the Council meeting on Tuesday night, this move being necessitated by reason of two school incidents being forthcoming, with nothing to be gained. Heavy expenditure not foreseen and estimated for accounts for the shortage of funds at this time, this expenditure arising out of the purchase of the tractor, and the digging of the Town's well. The cost of the well, will however, be paid for out of the bond issue, if and when the bonds are floated. In this way, the Town's general account will not suffer unduly.

A request to build an apartment house on Fifth Street was received, and declined on the grounds that no building plan had been submitted, that this area was not a business area, and this was in the nature of business venture, and that much opposition had been voiced over the proposal. Alternative sites were suggested and the matter will be brought up again next week.

A report was tabled from the Public Works Committee and the engineers of the Calgary Brewing and Malting, concerning the sidewalk at the King Edward Hotel, showing that the sagging of the sidewalk in front of the hotel is not due to movement of the foundation, as was at first thought. Under these circumstances, the walk will be torn out, and the hole filled before the blocks are replaced.

Some work has also been done on the walk on First Street, at long last, and more is planned, it was reported. Overhanging branches have also been cut away.

A court of revision will be arranged for, sometime in the near future.

Sale of a lot adjoining Jack Isard's home to him was approved, and a building plan required before approval would be granted a proposed addition to his home.

Arrangements were made to have some clean-up work done at the cemetery, by the Town man and a helper. It is hoped that a short period will bring the plots there to the point where odd afternoons will suffice to keep them up.

An inquiry regarding establishment of a business on the plot of ground opposite the school brought the report that this had been zoned as residential and was therefore not available for industrial purposes.

Accounts amounting to \$27.00 were passed.

EVERYBODY'S BUSINESS

"Milk bottles don't have to be round!"

In some such words a progressive young man challenged tradition and devised a new, space-saving square milk bottle recently adopted by several leading dairies.

This reflects the kind of restless, creative thinking that makes for greater success in any line of business.

Time-saving, money-saving ideas are often surprisingly simple. And they may occur to anyone. But chances are they won't occur to you unless you look for them, and develop a habit of accepting nothing "as is".

No matter where you work, there are countless articles, products, systems, methods capable of improvement, and needs for new inventions and ideas.

When looking for things to improve, it's best to start with those most closely related to your job. Your first idea may not succeed. But keep on trying. Your efforts will be appreciated and eventually rewarded.

Men of vision are invariably great believers in Life Insurance. They see it as the easiest, most systematic way to save and also provide security for their loved ones.

Disabled Man Given New Hand

A skilful surgeon attached to the Birmingham Accident Hospital in Britain's Midlands, carried out a very clever operation and made life worth living again for an unfortunate workman. This workman, who was quite young, had the misfortune to have all the fingers of his right hand cut off by a machine. Only the thumb was saved so that the hand was useless and the youngster could never apparently have expected do manual work again. The hospital surgeon stated, however, that he could make the disabled man fit again and a most interesting operation was carried out. He grafted a finger from the left hand on to the mutilated right one and joined the tendons of this finger so skilfully to those of the damaged hand that the patient can use this new finger perfectly normally. The whole treatment including training, lasted about a year, but after these 12 months a depressed invalid had become a happy, self-reliant man ready to face life with confidence.
